

Nordic Innovation

– We connect people, businesses and organizations for a sustainable future.

Our Vision 2030

A **green** Nordic region

Together, we will promote a green transition of our societies and work towards carbon neutrality and a sustainable circular and bio-based economy.

A **competitive** Nordic region

Together, we will promote green growth in the Nordic region based on knowledge, innovation, mobility and digital integration.

The Nordic region will become the most sustainable and integrated region in the world

A **socially sustainable** Nordic region

Together, we will promote an inclusive, equal and interconnected region with shared values and strengthened cultural exchange and welfare.

Nordic Urban Mobility 2050

An aerial photograph of a lush green forest. A light-colored, winding path or road forms a large circle around a central, denser area of trees. The path has a small, calm pond in its center. The surrounding forest is dense with various shades of green, and some darker, possibly evergreen trees are visible in the upper right corner.

Innovation

Circular Cities

The image shows a person standing on a curved glass walkway, looking out over a city. The walkway is part of a modern building with a curved glass facade. The city below is visible through the glass, and the sky is cloudy. The title 'Circular Cities' is overlaid in large white text. The image has a color gradient from orange on the left to purple on the right.
